In re Application of	:	
LEE, GEE YOUNG	:	DECISION ON REQUEST TO
Application No. 10/598,864	:	PARTICIPATE IN PATENT
Filed: May 12, 2009	:	PCT/PROSECUTION HIGHWAY
Attorney Docket No. 0144-P0047A	:	PROGRAM AND PETITION
Title: METAL TANK WITH A SYNTHETIC	:	37 CFR 1.102(d)
RESIN SHEET, AND UNIT PANEL	:	

This is a decision on the request to participate in the Patent Prosecution Highway (PPH) program and the petition under 37 CFR 1.102(d), filed July 26, 2010, to make the above-identified application special.

The request and petition are Dismissed.

A grantable request to participate in the PPH program and petition to make special require:

- (1) The U.S. application must disclose an eligible relationship to one or more PCT applications filed in the KIPO, JPO, EPO or USPTO;
- (2) Applicant must submit a copy of the allowable/patentable claim(s) from the PCT application(s) latest international work product (the written opinion or the IPER) along with an English translation thereof and a statement that the English translation is accurate;
- (3) All the claims in the U.S. application must sufficiently correspond or be amended to sufficiently correspond to the allowable/patentable claim(s) in the PCT application(s);
- (4) Examination of the U.S. application has not begun;
- (5) Applicant must submit a copy of the latest international work product from the PCT application containing the allowable/patentable claim(s) along with an English translation thereof and a statement that the English translation is accurate; and
- (6) Applicant must submit an IDS listing the documents cited by the PCT examiner in the international work product along with copies of documents except U.S. patents or U.S. patent application publications.

The request to participate in the PPH program and petition met all conditions except Item #6 above. The request to participate in the PPH program and petition fail to include a copy of the PCT/KIPO cited references, namely, JP 56-125890U published on 9/25/1981. An IDS (Form 1499) listing all five prior art references cited in the International Search Report must be provided, if not previously filed.

Applicant is encouraged to cite and submit all relevant prior art references, if any, to facilitate examination in this application.

Applicant is given a time period of **ONE MONTH or THIRTY DAYS**, whichever is longer, from the mailing date of this decision to correct the deficiencies. **NO EXTENSION OF TIME UNDER 37 CFR 1.136 IS PERMITTED.** If the deficiencies are not corrected with the time period given, the application will await action in its regular turn. Response must be filed via EFS-Web.

Telephone inquiries concerning this decision should be directed to Henry C. Yuen at 571-272-4856.

Petition is **dismissed**.
